The Trust may be able to identify those individuals by using other existing information.

The Trust operates CCTV for the following purposes:

- for safeguarding children,
- for the prevention and detection of crime.

Our lawful basis for processing your personal data is Article 6(1)(e) and 6(1)(f) respectively:

- 6(1)(f) - Processing is necessary for the purposes of legitimate interests - prevention and detection of crime.

Who has access to your personal data?

Your information will only be made available to Trust employees where there is a need to investigate the recording. Only employees authorised by Trust management may have access to this footage.

Who do we share your personal data with?

We will only share CCTV footage with other agencies where there is a lawful reason to do so - for example to share with the police for the purposes of crime prevention or to assist in locating an absconding pupil.

How long do we keep your personal data for?

The Trust will retain this data for one month – unless there is an ongoing investigation.

Do you transfer my data outside of the UK?

Generally the information that the Trust holds is all held within the UK. However, some information may be held on computer servers which are held outside of the UK. We will take all reasonable steps to ensure your data is not processed in a country that is not seen as 'safe' by the UK government.
